

Natural BLAST®

TREAT PONDS *Naturally*

ATTRIBUTES

- All natural, safe, and biodegradable
- Improves water clarity
- Easy to use, no mixing required
- Targets suspended and floating organic matter
- Reduces sludge layer
- Replaces chemicals and copper

WHEN TO USE

- To control organic matter
- To manage temperature spikes
- New pond with unknown history
- To clean up sludge layer
- Initial treatment of the season
- High amounts of organic matter found
- After large rain event
- Along with AquaSphere®PRO

DIRECTIONS

1 | CALCULATE VOLUME

LENGTH

x

WIDTH

x

DEPTH

x

7.5

TOTAL GALLONS

2 | SELECT DOSAGE

Natural BLAST® is available in three sizes

- 4-count box
- 12-count box
- 60-count pail

Add one .25lb Natural BLAST packet for every 125,000 gallons of water

Always treat to the correct volume

Example: a 500,000-gallon pond requires four Natural BLAST packets

Natural BLAST can be applied every 7-10 days

3 | TREAT

Begin treatment as soon as water temperature reaches 45°

Repeat every 7-10 days until desired clarity is achieved

Evenly distribute packets

Overtreatment is safe, and at times, recommended

3-STEPS TO A CLEAN, CLEAR AND HEALTHY POND. *Naturally*

STEP 1 DISPENSERS

Dispensers provide a 30-day time release of beneficial bacteria and enzymes that consume excess nutrients in the water to keep it clean and clear of green organic growth and to improve water quality and clarity. Dispensers are all natural, veterinarian approved, and safe for animals and people.

AquaSphere[®]PRO

- All natural and biodegradable
- Reduces the sludge layer on the pond bottom
- Reduces odor

Healthy Ponds[®] All Purpose Pond and Water Cleaner

- Reloadable size for smaller water features
- Refills sold separately

STEP 2 SUPPLEMENTS

Supplements increase the beneficial bacteria count in the pond, combating excess nutrients and improving water clarity. Our supplements are all natural, safe, biodegradable, and easy to use.

Natural BLAST[®]

- Advances decomposition
- Treats the entire water column
- One .25lb water-soluble bag treats up to 125,000 gallons

RUSH[®]

- Accelerates decomposition of floating organic matter
- Ideal for heavy matting and green slime on rocks

Phos Negator

- Binds to Phosphorous
- All-Natural mineral based solution

STEP 3 COLORANTS

Colorants improve the aesthetics of your pond while keeping the water temperature cooler.

- Use once water shows improvement from dispensers and supplements
- Improve the aesthetics
- Still allows for enjoyment of clean water

HOW TO USE

Months 1 and 2 use **STEP 1** and **STEP 2**

Months 3 and ongoing use **STEP 1** and **STEP 3**

Keep the supplements on hand in case of a large rainfall that washes excess nutrients into the pond or when a temperature spike is forecasted.
